

An Exciting time at Kooweerup Dental on Wednesday August 8th. Dental Week Celebrations, what fun we all had – Cake, Scones, Balloons, Basic Dental Education and Chatting Teeth.

At Kooweerup Dental, our philosophy is simple - “Prevention is much better than Cure”.

Don't kid yourself, the majority dental emergencies are preventable. Simply by utilizing the option of ongoing preventable dental care, great oral hygiene habits and practicing good dietary habits. Remember We are here to care and guide you through the Oral Health roundabout.

DENTAL FIRST AID

Accidents/Emergencies can happen to anybody, at any age, but, knowing what to do when a dental emergency occurs is critical. Knowing how to administer Dental First aid, could save someone from long term damage. Bumps, knocks and spills are just part of life, however long term, lasting damage occurs if your teeth become injured, and are left untreated. Always play it safe, after any knock, or any impact on your tooth, chip or tooth break, book in to see your dentist as soon as possible. Remember, your Dentist is the best person qualified to assess the damage, recommend the treatment options and commence the treatment process.

MEET OUR DELIGHTFUL

AMY

Amy is passionate about preventative and aesthetic dentistry. She believes that most dental problems can be prevented or resolved more simply in their early stages. She gets immense enjoyment helping anxious and worried patients feel at ease when they come in for a consultation or treatment. There is always the endeavour to spend as much time with her patients as required. Amy greatly enjoys building strong rapport with her patients and loves getting to know them individually. It is more than satisfying for her to see her patients walking out of the dental practice with a big smile on their face – dental problems solved, smile restored.
