Choosing a family dentist is one of the most important decisions you can make for your families health and wellbeing. From a very young age, it is proven that Dental Health Education is very beneficial in developing **Healthy Oral Hygiene Habits** and **Great Healthy Eating Habits**.

Here at Kooweerup Dental , we value you and the importance of your Dental Health. We are a family orientated Dental Practice, supported by a team of experienced, dedicated and caring Dentists and staff. You can always be confident that you and your family will be in trusted hands. Dr William Chai joined the practice in the late '90's and simply fell in love with the town. Nowadays, Kooweerup Dental has grown to have 3 dentists, (female and male), supported by a team of loyal dental nurses. Kooweerup Dental encourage regular teeth exams, hoping to catch any issues or problems early, rather waiting for **PAIN**.
